校長心語 ——

疫情自強、 積極面對、 發展潛能

於2021年12月初「東京2020奧運會內地奧運健兒訪港」與學生交流會上，眾奧運金牌健兒鼓勵同學應多參與體育活動，在強身健體的同時，更可鍛煉其堅毅及永不言棄的精神，以應付將來的挑戰。東京奧運單車女子團體爭先賽金牌健兒鍾天使更勉勵同學：「人生最精彩不是實現夢想的瞬間，而是堅持夢想的過程。」

剛過去了的2021年是特別的一年，因為疫情關係，我們仍然須戴上口罩，保持社交距離，亦已是第二個於教育新常態下開展的學年，學校暫時仍只能夠進行半天的課堂，相信同學們已適應了教育新常態下的學習生活。

2022年1月1日的「元旦京港澳天宮對話」活動中，在天宮太空站的航天員翟志剛、王亞平、葉光富，與來自北京、香港和澳門近600名青年學生，透過實時視像交流。當中航天員王亞平曾說「飛天夢永不失重，科學夢張力無限」，鼓勵同學保留追尋夢想的種籽，有一日會生根發芽，綻放更多絢爛的花朵；只要「敢於有夢、勇於追夢」，用智慧和汗水打造自己的夢想飛船，將來必能飛翔在屬於自己的浩瀚星空。

在疫情的陰霾下，學校於今學年努力為同學預備了不少活動：有於體育課堂推廣的射箭、旱地冰球、地壺、躲避盤、柔道等項目；還有長跑及籃球的選拔、特奧田徑賽、速度滑冰技術改良班、乒乓球訓練班、小型網球初級訓練班、花樣滑冰初級訓練班、香港特殊奧運會羽毛球比賽、全城街馬長跑、水底機器人比賽、環保家居模型設計比賽、「夢想建築・由你組合」迷你建築模型比賽、「建造業安全獎勵計劃」安全問答比賽、「創科樂『耆』中」樂齡科技設計比賽……等，期望同學能夠積極多參與，不要因疫情關係而磋跎，要把握每一個可試練的機會，正如以上我國奧運金牌健兒及航天員的鼓勵，為自己編織夢想，盡展所長。

伍日明校長

2022年1月

多元智能活動

疫情持續多時，雖然上課時間受到影響，但學校仍努力安排多元智能課，豐富學生的學習經歷。

2021/22 English Week

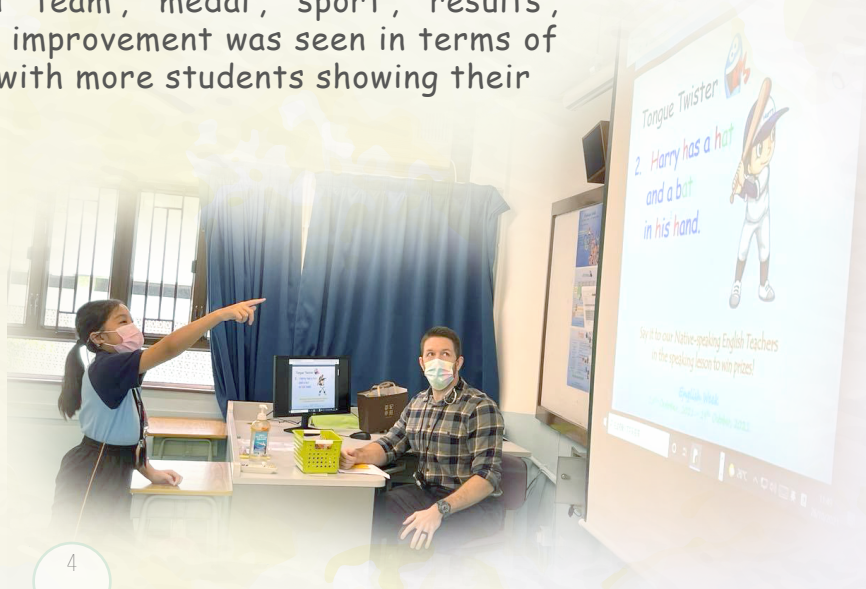

This year the theme of our English Week was 'The Olympics', which proved to be a very popular topic. Here are a few highlights of the activities and student achievements during the week.

Penmanship Competition

To encourage more students to take part and to promote inclusion, students were given the choice of writing in cursive or regular script. The first, second and third place, along with 2 merits, were awarded to students with the best regular script pieces from junior and senior forms. An additional award was given to the student for the best piece of cursive writing. These were not easy to pick, as more than 90% of the students took part in the competition, with many fantastic pieces of work being submitted.

Acrostic Poem Writing Competition

The poem titles this year included 'team', 'medal', 'sport', 'results', 'Olympics' and 'athletes'. A noticeable improvement was seen in terms of the number of submissions this year, with more students showing their interest in the Olympics and connecting their sentences to the themes. Many students also demonstrated their confidence in their IT skills by writing and submitting poems through Google Classroom using Google Forms, even though they were also given the option of writing their poems using pen and paper.

Spell Checking: American English vs. British English

This was a new activity for English Week this year, which challenged students to change words from American English to British English or vice versa. This task was also completed using Google Classroom and Google Forms. Again, we would like to encourage students to use their IT skills and pay attention to the main spelling differences between these two common forms of English.

Tongue Twister Challenge

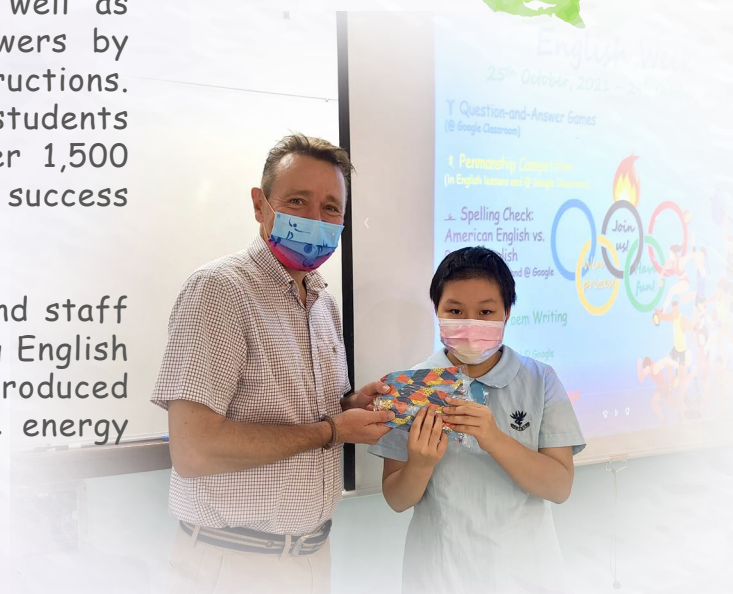

During speaking lessons, students were given time to practice and attempt to say a list of tongue twisters with sports themes. Prizes were given to students that attempted to say them, whether successful or not. The aims of this activity were to improve their pronunciation and fluency, learn some basic literacy devices and reinforce the Olympic message about appreciating effort and trying, and not focusing solely on success and winning.

Question-and-Answer Games

Each day, from Monday to Thursday, students were presented a text type in the video with a follow-up question to test their understanding, as well as listening skills. They submitted their answers by scanning the QR code and following the instructions. Olympic or sports masks were awarded to all students that had submitted a correct answer. Over 1,500 answers were received in total, with a highest success rate of 89%.

A big thank you to all students, teachers and staff that put in the effort to get involved during English Week, especially to those students that introduced the activities with enthusiasm and positive energy each day.

中華文化周活動花絮

為了提升學生對中華文化及歷史的認識和興趣，中國語文科、中國歷史科、普通話科及圖書館於9月27日至30日合辦「中華文化周」，活動由課堂到家中、校園到網上，包括中華歷史文化手作體驗、攤位遊戲嘉年華、趣談中國傳統遊藝、廣普詞彙對對碰及書展，學生踴躍參與。

中華歷史文化手作體驗

課堂Kahoot!問答比賽

書展

攤位遊戲嘉年華

攤位遊戲

(投壺、木射、空竹、箭藝、沙包、看圖猜成語、
象形文字配對及部首配對)

學生感想：

5A 林思欣

我覺得中華文化周很有趣，因為我很喜歡手工藝製作——搖鼓。在禮堂的攤位遊戲中，我最喜歡的是成語辨識，可以學到不同的成語。

1B 鍾可瑩

在中華文化周有很多攤位遊戲，當中有部首遊戲、射箭遊戲、投壺遊戲……我最喜歡是玩部首遊戲，因為可以讓我們識到很多字，大家都和我玩得很開心。

5B 鄧敬紘

我在中華文化周玩了很多攤位遊戲，有射箭、投壺、木射、空竹、中文字配對等，我和朋友玩得十分開心。

1A 吳鋤如

「投壺」遊戲是中國文化活動之一，而我在學校中華文化周看到它，覺得十分有趣及好玩。我對於中國文化的知識又提升一大步了。

疫症全球肆虐，很多信眾祈求佛菩薩加持護念，其中「藥師佛」與對治疫症病患非常相應。

藥師琉璃光王如來

藥師琉璃光王如來，簡稱「藥師佛」，據《藥師琉璃光如來本願功德經》內容，又稱為「消災延壽藥師佛」。經中記載，藥師佛全身透徹、身藍色如琉璃，清淨無染出柔光照遍大千世界，故以「琉璃光」為功德名號。藥師佛於過去久遠劫修梵行，曾發十二大願，願除一切眾生痛苦，令一切眾生身心安樂。其中第七願：「願我來世得菩提時，若諸有情，眾病逼切，無救無歸，無醫無藥，無親無家，貧窮多苦，我之名號一經其耳，眾病悉除，身心安樂，家屬資具，悉皆豐足，乃至證得無上菩提。」因此，若人能以恭敬心，供養藥師如來，或稱念藥師佛聖號，即能消災延壽，醫治百病，解除各種頑疾痛苦，遠離一切貧窮。

志蓮淨苑 藥師殿

琉璃世界中，有日光遍照菩薩、月光遍照菩薩兩尊脅侍，協助藥師佛弘揚佛法，合稱為「東方三聖」。太陽代表智慧，月亮則代表慈悲，顯示修行是無論晝夜，這念心皆要保持如日光、月光般光明、清淨。
